SLIP-ON STREET LEGAL EXHAUST SYSTEM

DUCATI 796 MONSTER

SLIP-ON STREET LEGAL EXHAUST SYSTEM

DESCRIPTION

The Akrapovic SLIP-ON OPEN and SLIP-ON STREET LEGAL exhaust system for the new Ducati 796 Monster is an invincible combination of performance and price. In addition to performance, the twin hexagonal shaped titanium or carbon fiber mufflers add a clean racing look. Additionally, the Ducati will put out a much more powerful racing sound. You will also save 1.94 kg compared to the stock Ducati exhaust system. The SLIP-ON STREET LEGAL system is homologated and ready for road use.

PERFORMANCE

Measurements of the Akrapovic SLIP-ON system on the DUCATI 796 Monster without muffler insert:

Power & Torque: The Akrapovic Slip-On system greatly increases the potential of the big engine. Both power and torque are increased over the entire rpm range, with the greatest increase shown in the middle and top of the range. We measured 79.5 HP at 8340 rpm, while the max. increased power of 5.3 HP was measured at 4360 rpm. That results in a much smoother ride as the biggest gain of power starts from 3000 rpm to 5500 rpm.
